

Samuel's Listening Pillow

What you will need:

Heavy Duty Paper Towels (Make sure you get the full-sized paper towels.)

Double sided Tape

Plastic Grocery Bags

Water-based Markers

How to Make the Pillows:

1. Separate the paper towels into squares. Tape paper towel on top of the other. Leave a four-inch opening on one side. If you have zigzag scissors, cut around the edges.
2. The children can decorate before or after taping the sides pillows with markers and then carefully stuff them. Use the tape to seal the last side.
